Where to find loot (Interactive Maps)

Filter quests, locations, and needed items—tap a map to open the live, clickable version.

Dam Battlegrounds

Spaceport

Blue Gate

Buried City

Stella Montis

Quick Tips:

- Selling beats scrapping**(most of the time). Recycling yields fewer materials than you might expect—recycling during a raid returns ~50% of the usual components, and you can only properly recycle back in Speranza. If you don't need the mats right now, sell or stash.
- Don't craft "for profit."** Craft only what you'll use; otherwise you often lose value compared to turning in or selling. (Pair this with the 50% recycling rule above.)
